Filing Description:

Enclosed for your review, please find copies of an Actuarial Memorandum and rate sheets in support of the current proposed increases on the above-referenced Long-Term Care Insurance products.

The base rate increase applies to the base policy and all applicable benefit riders for which a premium is paid. The rate increase will be effective on the first premium due date subsequent to state insurance department approval and in accordance with state policyholder notification requirements, with the additional condition that no policyholder will receive a rate increase sooner than one year after receiving a prior rate increase, if applicable.

This filing applies to inforce policies issued in this state. The above referenced policy forms are Individual Long-Term Care insurance products, which are no longer being sold.

Enclosed are any necessary certifications, transmittals, and/or filing fees as may be required by your state. I hope that with this information your approval of this filing will be forthcoming. If you have any questions or need additional information, please feel free to contact us.

Pennsylvania Insurance Department ID #: GLTC-132995871

Dear Madison Nahrup:

The captioned filing has been reviewed by the Pennsylvania Insurance Department. It has been determined that the filing fails to meet the requirements of our Insurance Company Laws or regulations and is therefore disapproved pursuant to the authority granted under Section 304(a) of Act 134, the Accident and Health Filing Reform Act. In the event you have any questions regarding the stated concerns, please feel free to contact the Department for further clarification.

The disapproved filing may be resubmitted within 120 days of the date of disapproval. If the Department does not hear from you within 120 days, the subject filing will be permanently closed. Such filings resubmitted after 120 days must be submitted as a new filing, inclusive of appropriate filing fees and disclosure of the closed filing SERFF tracking number.

The Department cannot approve this filing as submitted but we can offer a 20% increase on the above captioned forms.

If Continental General would like to accept our offer, then please respond with an acceptance letter.

Sincerely,

Rate Revision Filing on Individual Long-Term Care Insurance

Policy Forms: 1LTCIP0001, 1LTCIP0002 **SERFF Tracking Number: GLTC-132995871**

Dear Sir or Madam:

Enclosed for your review, please find copies of an Actuarial Memorandum and rate sheets in support of the current proposed increases on the above-referenced Long-Term Care Insurance products.

The base rate increase applies to the base policy and all applicable benefit riders for which a premium is paid. The rate increase will be effective on the first premium due date subsequent to state insurance department approval and in accordance with state policyholder notification requirements, with the additional condition that no policyholder will receive a rate increase sooner than one year after receiving a prior rate increase, if applicable.

This filing applies to inforce policies issued in this state. The above referenced policy forms are Individual Long-Term Care insurance products, which are no longer being sold.

Enclosed are any necessary certifications, transmittals, and/or filing fees as may be required by your state. I hope that with this information your approval of this filing will be forthcoming. If you have any questions or need additional information, please feel free to contact me.

Sincerely,

Elizabeth A. O'Brien, FSA, MAAA

Actuarial Memorandum Supporting Rate Revisions for Long Term Care Insurance Base Policy Forms and Riders Associated with 1LTCIP0001, 1LTCIP0002

1 SCOPE AND PURPOSE

The purpose of this memorandum is to provide actuarial information supporting a rate revision to the Base Policy Forms and Riders of the Continental General Insurance Company (the Company) long-term care (LTC) policy form referenced above.

These policies were originally sold under the name Great American Life Insurance Company (GALIC). Virtually all of the GALIC policies have been novated into United Teacher Associates (UTA), and the remaining GALIC policies are 100% ceded to UTA. All policies issued in Florida are 100% ceded to GALIC and therefore are excluded from this analysis. Effective December 31, 2016, UTA (inactive NAIC No: 63479) merged into Continental General Insurance Company (active NAIC No: 71404).

Some riders may not be available in all states. The issue date range associated with premium-paying lives in this state is shown in Appendix A.

These forms are no longer being marketed in any state and the Company is no longer selling any new Long-Term Care Insurance.

The Company is requesting an 132% rate increase in your state at this time. While the Company intends to implement the full requested rate increase at one time, we are open to discussions with the state regarding alternative implementation options, such as an actuarially equivalent series of rate increases.

This rate filing is not intended to be used for other purposes.

The body of this actuarial memorandum was written to apply to each state where these products were issued. Any reference to information that is specific to a particular state is included in Appendix A.

Please refer to Section 21 for a description of the information contained in each Appendix.

2 POLICYHOLDER OPTIONS TO MITIGATE IMPACT OF PREMIUM RATE INCREASE

Optional Policyholder offers to Reduce Benefits

The Company will give policyholders Benefit Reduction Offers to help mitigate the impact to policyholders of the premium rate increase on the base policy and riders. The Benefit Reduction Offers will allow the policyholder to:

- 1. Lower their lifetime maximum benefit,
- 2. Lower their daily benefit, or
- 3. Increase their elimination period.

Non-forfeiture Offers

In addition, the Company will give the policyholder the option to accept a shortened benefit period. Acceptance of the non-forfeiture benefit will provide the policyholder with a paid-up policy, with no future premiums required. Under this paid-up policy, the maximum benefit amount is equal to the greater of the sum of premiums paid or 30 times their daily benefit, and the daily benefit amount is equal to the policyholder's current daily benefit amount. This non-forfeiture benefit shall not exceed the policyholder's remaining unused Maximum Lifetime Benefit at the time of conversion. Upon acceptance of this offer, an endorsement reflecting the non-forfeiture benefit will be sent to the policyholder. This offer will be made to all policyholders.

If applicable, for policyholders with active Limited Pay policy provisions, the Company will additionally provide policyholders an opportunity to elect a reduced paid-up policy in accordance with state regulatory requirements.

3 PREMIUM RATE INCREASE JUSTIFICATION

This rate revision is necessary because the current best estimate projections of the nationwide lifetime loss ratios are in excess of expected. Policies were issued nationwide under both loss ratio requirements and under rate stabilization requirements established in the 2000 LTC NAIC Model Regulation.

The lifetime loss ratios anticipated at the time of original pricing for these policy forms is 62.0%. This loss ratio has been stated based on the original pricing interest rate of 5.5%. Based on available documentation, the pricing loss ratio stated below is conservatively assumed to be representative of best estimate expectations.

For policies issued under loss ratio requirements, the lifetime loss ratio that these products were initially priced to has been exceeded. For policies issued under rate stabilization requirements, the margin for moderately adverse deviation built into the rates at the time of original pricing was a 10% deviation in the lifetime loss ratio, when compared to originally expected. This margin has been exceeded.

Consistent with the discussions and final document produced by the NAIC Pricing Subgroup's ("Long-term Care Insurance Approaches to Reviewing Premium Rate Increases"), the Company is providing analysis based on the modified prospective present value approach to determine the level of rate increase requested. This modified approach recognizes that past premium rate increases were not adequate and relies on the original pricing assumptions to catch-up on past premium rate increases.

The cumulative rate increase indicated by the modified prospective present value formula is calculated as

Cumulative rate increase % =

 $\frac{\Delta PV(future\ incurred\ claims) - (0.58)\Delta PV(future\ earned\ premiums)}{(0.85)PV_{current}(future\ earned\ premiums)}$

The ΔPV indicates the change in present value due to the change in actuarial assumptions between original assumptions and current moderately adverse assumptions. The formula is applied to nationwide experience that has been restated to the original rate level. Please note that experience associated with lives that are currently in a paid-up status has been excluded from the calculation.

Moderately adverse assumptions are defined as best estimate assumptions as described in Section 10, plus a 10% load to future incurred claims.

State-specific justified rate increases are calculated to achieve equity across states with respect to the total amount of rate increases that will have been implemented in each state. In order to calculate the rate increase needed for this state specifically, the following formula was used:

$$\frac{1 + Cumulative\ Rate\ Increase}{1 + State\ Specific\ Cumulative\ Rate\ Increase\ to\ Date} - 1$$

4 DESCRIPTION OF BENEFITS

Appendix B contains a brief summary of the benefits contained in these base forms and associated riders. A complete description of the benefit provisions and conditions for eligibility is contained in the policy forms and riders on file with the state.

5 RENEWABILITY CLAUSE

All products are Guaranteed Renewable, Individual Long-Term Care policies.

6 MARKETING METHOD

All forms were marketed to individuals by licensed agents. These products are not currently being marketed.

7 APPLICABILITY

The revised rates contained in this memorandum will be applicable to all renewals of the policy form and riders described in Section 1 as well as all future periodic inflation protection offers. The current and revised premium rate schedules are attached. The rate revision will be applied as a consistent percentage to all premium classes. The modal premium factors will remain unchanged from the current factors.

8 PROPOSED EFFECTIVE DATE

Policyholder notification of the rate increases will begin as soon as possible subject to state insurance department approval with the additional condition that no policyholder will receive the rate increases sooner than one year after receiving a previous rate increase.

9 UNDERWRITING

Most policies subject to this rate revision were subject to full medical underwriting in accordance with Company standards in place at the time of issue. The underwriting standards used were taken into consideration when projecting future experience.

10 ACTUARIAL ASSUMPTIONS

The actuarial assumptions used to project the future premiums and claims are described in this section. Appendix D provides further details of the experience studies conducted that were used to develop the

actuarial assumptions. These base assumptions are the same as the assumptions being used in the Company's internal cash flow testing.

A Morbidity

The morbidity assumptions are based on a combination of the Company's historical claim experience on these forms from 2006 through 3/31/2020, the Milliman 2017 Long-Term Care Guidelines (Guidelines) and judgment. The claim cost assumptions reflect the Company's current best estimate of future morbidity. In setting the morbidity assumptions, the policy design, underwriting and claim adjudication practices have been taken into consideration. The baseline assumptions do not include any adverse selection resulting from the rate increase, loads for moderately adverse experience, or future morbidity improvement.

B **Mor**tality

The best estimate future mortality assumption is 100% of the Individual Annuity Mortality (IAM) 2012 Basic table with mortality steepening factors, selection factors, and other attained age adjustments.

C Voluntary Lapse

The voluntary lapse assumptions were developed from a policy persistency study conducted on the Company's experience on these forms and judgment. Lapse rates are combined with mortality rates and benefit exhaust rates to derive the total termination rate. We assumed all remaining policies would terminate at attained age 120. The lapse assumptions represent the best estimate expectations of future experience and do not include any provisions for adverse experience. Voluntary lapse rates vary by marital status and inflation versus non-inflation.

The table below shows the detailed voluntary lapse assumptions for the applicable projected policy durations.

Voluntary Lapse Rate						
	Married		Single			
Duration	Inflation	Non-Inflation	Inflation	Non-Inflation		
11	1.05%	1.13%	2.08%	3.86%		
12	1.05%	1.13%	1.84%	3.57%		
13	0.84%	0.91%	1.60%	3.09%		
14	0.73%	0.76%	1.36%	2.70%		
15+	0.63%	0.61%	1.20%	2.22%		

Additional multiplier to a	apply to Lapse Rates for Gender
Gender	Multiplier
Female	76.0%
Male	142.0%

For limited pay policies, voluntary lapse rates were assumed to be zero after the premium payment period.

Voluntary lapse assumptions include an NFO conversion rate which is calculated as 19% of the requested rate increase, capped at 19%.

D Interest Rate

The supporting exhibits use the average maximum valuation interest rate of 4.5% to calculate the lifetime loss ratio.

E Expenses

The need for a rate increase is based on the modified prospective present value formula. Expenses are not accounted for in the modified prospective present value formula and therefore are not used as justification for the rate increase. As such, expenses are not being projected and are not included in this filing.

11 ISSUE AGE RANGE

These products were available for issue ages 18 to 84. Premiums are based on issue age.

12 AREA FACTORS

The Company did not use area factors within the state in the premium scale for these products.

13 CLAIM LIABILITY AND RESERVE

Claim reserves were calculated using appropriate actuarial methods for Incurred But Not Reported reserves (IBNR) and using continuance curves validated for the Company's experience for open claims on a disabled life basis. The claim reserves were discounted to the incurred date for each claim and have been included in the historical incurred claims.

14 ACTIVE LIFE RESERVES

Incurred claims are calculated without the impact of the change in active life reserves.

15 DISTRIBUTION OF BUSINESS

The historical experience reflects the actual distribution of policies during the experience period. The projected future experience is based on a seriatim projection of the current inforce policies. See Appendix C for the distribution of the inforce policies by key demographic and benefit characteristics.

16 NUMBER OF POLICYHOLDERS

Please refer to Appendix A for the current number of premium-paying policyholders as of 9/30/2020 in this state.

17 AVERAGE ANNUAL PREMIUM

The average annual premium for these products both prior to the impact of the requested rate increase, and after, is indicated in Appendix A.

18 HISTORY OF RATE ADJUSTMENTS

Please refer to Appendix A for the history of rate adjustments on these products in this state.

19 EXPERIENCE - PAST AND FUTURE

Nationwide historical experience since inception by issue year within calendar year for these policy forms and riders as of 9/30/2020 is contained in Exhibit 2a. Experience for loss years 2020 and prior are developed through 9/30/2020. In these exhibits, please note that the paid claims have been discounted with interest from the claim payment date back to the incurred date of the claim.

Historical nationwide experience for all policies issued under these products is contained in Exhibit 3a. The nationwide historical and projected experience adjusted to reflect the state's specific rate increase history, both with and without the impact of the requested rate increase, is also contained in Exhibit 3a. Projected experience utilizes best estimate assumptions.

Historical nationwide experience for policies in premium-paying status is contained in Exhibit 3b. The nationwide historical and projected experience adjusted to reflect the state's specific rate increase history, both with and without the impact of the requested rate increase, is also contained in Exhibit 3b. Projected experience utilizes best estimate assumptions.

In developing the projected future experience with the rate increase, an implementation date of 8/1/2022 was assumed.

20 RELATIONSHIP OF RENEWAL PREMIUM TO NEW BUSINESS PREMIUM

The Company is no longer selling any new Long-Term Care business. Therefore, the comparison of renewal premium rates after the rate increase to the Company's current new business premium rate schedule is not applicable.

21 SUMMARY OF APPENDICES

Appendix A contains information that is specific to the state in which this filing is made, such as the average annual premium, the number of policyholders inforce, etc. Similar information for nationwide is also contained in this Appendix.

Appendix B contains a summary of the benefits included under each policy form grouping.

Appendix C contains a summary of the demographic distributions of the inforce policies as of 9/30/2020.

Appendix D contains a detailed summary of the development of the projection assumptions.

Appendix E contains a comparison of the actual total termination rates to both the original pricing assumptions and current assumptions.

22 SUMMARY OF EXHIBITS

Exhibit 1 contains the breakdown of policy counts, annualized premium, and average premium for all inforce policies by state under each product grouping as of the inforce date.

Exhibit 2a contains the historical nationwide lifetime experience for all policies issued under these products by issue year within calendar year.

Exhibit 2b contains the historical state-specific lifetime experience for all policies issued under these products by issue year within calendar year.

Exhibit 3a contains historical and projected nationwide experience for all policies issued under these products. The exhibit also includes the projected lifetime loss ratios both with and without the impact of the proposed rate increase. Projected experience utilizes best estimate assumptions. Historical experience is shown before and after adjusting for this state's specific rate history.

Exhibit 3b contains historical and projected nationwide experience for premium-paying policies issued under these products. The exhibit also includes the projected lifetime loss ratios both with and without the impact of the proposed rate increase. Projected experience utilizes best estimate assumptions. Historical experience is shown before and after adjusting for this state's specific rate history.

Exhibit 4a contains historical and projected state-specific experience for all policies issued under these products. The exhibit also includes the projected lifetime loss ratios both with and without the impact of the proposed rate increase. Projected experience utilizes best estimate assumptions.

Exhibit 4b contains historical and projected state-specific experience for premium-paying policies issued under these products. The exhibit also includes the projected lifetime loss ratios both with and without the impact of the proposed rate increase. Projected experience utilizes best estimate assumptions.

Exhibit 5 contains nationwide experience for premium-paying policies, restated to the original rate level, using original assumptions and current moderately adverse assumptions.

Exhibit 6 contains the number of premium paying policyholders that will become eligible for the contingent benefit upon lapse (CBUL) at the state-specific level.

Exhibit 7 contains a premium rate history, pending requests, and the overall historical increase for each form on a state-by-state basis.

23 ELIGIBILITY FOR CONTINGENT BENEFIT UPON LAPSE

Exhibit 6 has been provided to demonstrate the number of premium paying policyholders that will become eligible for the contingent benefit upon lapse (CBUL). Policyholders are defined as being eligible given they are governed by rate stability regulations and they have surpassed the cumulative rate increase threshold given this request.

Given that policyholders in this state will become eligible for the CBUL, the attached document (Managing Long Term Care Risk - 2021), provided by the Company's Chief Operating Officer, provides a demonstration that the Company has appropriate policy administration and claim processing procedures in place to assure our policyholders' long-term care claims are paid according to the provisions of our contracts.

24 ACTUARIAL CERTIFICATION

In performing the analysis, preparing this filing, and rendering the actuarial opinion below, I relied upon other actuaries for experience analysis used to develop baseline actuarial assumptions related to morbidity and persistency. I reviewed the analysis for reasonableness and consistency, but I did not perform a detailed audit. The assumptions are appropriate for the purpose used.

To the best of my knowledge and judgment this rate filing is in compliance with the applicable laws and regulations of this state as they relate to premium rate developments and revisions. This memorandum complies with all applicable Actuarial Standards of Practice, including Actuarial Standards of Practice No. 8 "Regulatory Filings for Health Benefits, Accident and Health Insurance, and Entities Providing Health Benefits," No. 18 "Long-Term Care Insurance," and No. 23 "Data Quality."

I have reviewed and taken into consideration the policy design and coverage provided, and the Company's original underwriting and claims adjudication processes.

In my opinion, the rates are not excessive or unfairly discriminatory, and the benefits are reasonable in relation to the premiums. The anticipated lifetime loss ratio exceeds the applicable required loss ratio. If the requested increase is implemented and the underlying moderately adverse assumptions are realized, no further premium rate schedule increases are anticipated at this time. The Company will continue to monitor experience and reserves the right to take additional rate action if necessary.

Continental General Insurance Company

Description of Benefits

A brief summary of the benefits contained in the base forms and associated riders is provided below. A complete description of the benefit provisions and conditions for eligibility is contained in the policy forms and riders on file with the state.

Policy Forms 1LTCIP0001 and 1LTCIP0002

Two policies were available: a nursing home only policy (form 1LTCIP0002) and a comprehensive nursing home plus home care policy (form 1LTCIP0001). Except for the services covered, the pricing assumptions used, policy features, and benefit options are identical.

The elimination period could be chosen as 0, 20, 60, 90 or 180 calendar days. The benefit period is administered on a "pool of money" basis, where the pool of money is calculated as the nursing home daily maximum times 365 times 2, 3, 4, 5, 6, or unlimited. The nursing home daily maximum was available in multiples of \$10 (minimum of \$50). On form 1LTCIP0001, home health care coverage can be added with a daily maximum of 50%, 80% or 100% of the nursing home daily maximum. If the Company's Care Advisor is involved in the Plan of Care development, the home health care maximum will be administered on a weekly basis (where home health care weekly maximum is 7 times the home care daily maximum).

Benefits are payable when the insured becomes disabled in two out of six Activities of Daily Living (ADLs) for 90 days, or when he or she becomes cognitively impaired.

An insured who qualifies for benefits will be eligible to receive all long term care services that are included in the Plan of Care and covered under the policy. For form 1LTCIP002, this could include nursing home care or assisted living facility care. A 30-day per year bed reservation benefit could be included in the Plan of Care under the base policy. For form 1LTCIP0001, the Plan of Care could include any of the benefits covered by the nursing home only policy, and/or it could include home health care, adult day care, up to 30 days per year of respite care, or up to 5 times the daily maximum in informal caregiver training (one time only). On form 1LTCIP0001, other alternate services could be included, if agreed to by all parties, and as long as they wouldn't reduce the available long term care benefit to fewer than 24 months. Also, on the comprehensive policy, upon approval of the Care Advisor, the policy will cover home health care services provided by an independent caregiver who is properly certified.

Policy form 1LTCIP0001 also provides for a home medical technology benefit, paying a monthly amount equal to the home care daily maximum for rental or lease of medical equipment or a medic alert system. The form also provides an Immediate Home Care benefit of 30 times the home care daily maximum, for the insured or his family to use for miscellaneous expenses when the insured is not confined to a facility.

On both policies, the pool of money is restored to its original level if the insured is claim-free and returns to normal activities for at least 6 months.

A 10-year survivorship benefit is included on both policies, where the premiums for a surviving spouse are waived if death occurs after both spouses have had this coverage continuously inforce for 10 or more years.

After 12 days of covered care have been provided, premiums on the policy are waived for the remainder of the claim period.

Appendix B

Continental General Insurance Company

Description of Benefits

All benefits are subject to the daily maximums, the total benefit allowance (except for the immediate home care benefit, which has its own separate maximum) and the elimination period (except that the latter does not apply to the respite benefit, the Care Advisory services, or the caregiver training benefit).

Several optional riders were available for these policies:

- <u>Rider 1LTCIE0011 Compound Inflation Protection</u>: Increases the daily maximum and the remaining lifetime maximum by 5%, compounded annually, on each policy anniversary.
- Rider 1LTCIE0012 Simple Inflation Protection: Increases the daily maximum and the remaining lifetime maximum by 5% of the original amounts, on each policy anniversary.
- Rider 1LTCIE0013 Cost of Living Increase: Gives the insured the option of increasing benefits at scheduled intervals, based on the CPI. The incremental benefits will be subject to an additional premium, based on the insured's attained age.
- <u>Rider 1LTCIE0010 Non-forfeiture Benefit</u>: After 3 years inforce, the cumulative premiums paid will be available upon lapse to continue coverage for a revised lifetime maximum (i.e., a shortened benefit period). The revised lifetime maximum will be calculated as the cumulative premiums, subject to a minimum of 30 times the daily maximum.
- <u>Rider 1LTCIE0014 Dual Waiver of Premium</u>: Waives the premium for a covered spouse when the other spouse's premium is waived due to claim.
- <u>Rider 1LTCIE0015 Shared Extended Expense</u>: An additional pool of money, less than or equal to the original pool of money, can be purchased by both spouses for them to share, should one (or both) of them reach his/her lifetime maximum.

Continental General Insurance Company Appendix D Actuarial Assumption Development

Appendix D contains a description of the experience studies conducted on the Company's actual experience.

Termination Study

A study was conducted on the Company's actual termination experience from 2006 to 3/31/2020 on forms issued by Continental General Insurance Company. The study measured total termination rates.

The future expected voluntary lapse assumptions were developed based on the historical implied lapse experience and judgment. Historical implied lapses were determined by subtracting expected deaths and actual benefit exhaustions from total terminations. The expected voluntary lapse rates vary by inflation option, spousal discount, gender, and policy duration. Expected deaths were calculated assuming mortality is equal to 100% of the Individual Annuity Mortality (IAM) 2012 Basic table with mortality steepening factors, mortality improvement, and selection factors applied. This mortality assumption, including selection factors and mortality improvement, is based on industry expectations.

Exhibit D-1 contains the comparison of implied lapse experience to the current lapse assumptions. The Exhibit shows total lives, actual total terminations and expected deaths. The voluntary lapse rates are shown as described above, as historical implied lapses and expected lapses.

Morbidity Study

A morbidity study was also conducted on the Company's actual experience from 2006 to 3/31/2020 on forms issued by Continental General Insurance Company. Actual claims were measured against the Milliman 2017 Long Term Care Guidelines (Guidelines). Actual-to-expected fitting factors were developed based on the actual experience and judgment.

Actual incurred claims are based on paid claims and remaining claim reserves discounted (using an interest rate of 4.5% for this experience study) back to the claim incurred date. The claim reserves were discounted from valuation date to the claim incurred date using a 4.5% discount rate and excluding any waiver of premium load, LAE load and explicit margin. Actual claims include approximately \$13 million of Incurred But Not Reported reserve (IBNR) as of March 31, 2020, which is allocated to incurred year as follows: 5% to incurred year 2018, 75% to incurred year 2019, and 20% to incurred year 2020. Actual incurred claims are calculated by adding together the present value of paid claims and claim reserves. Actual average claim severity was calculated by dividing actual incurred claims by the count of claims. In this study, waiver of premium was excluded from both the actual claims and expected claims.

Expected claims were based on the *Guidelines* and include selection factors and actual-to-expected fitting factors. The actual-to-expected fitting factors varied by coverage type, benefit period, payment type, marital status, and form. No future morbidity improvement is assumed.

Exhibit D-2 contains the comparison of actual claim experience to the current assumptions for the policy forms included in this filing.

Notes:

- 1) Experience from 2006 through 3/31/2020.
- 2) Expected Mortality Rate is 100% of the Individual Annuity Mortality (IAM) 2012 Basic Table with mortality steepening factors applied, historical mortality improvement, and selection factors.
- 3) Implied Voluntary Lapse Rate is the Total Termination Rate minus the Expected Mortality Rate minus the Actual Benefit Exhaust Rate.
- 4) Current Voluntary Lapse Rate is the current projection assumption.
 - Since these vary by inflation benefit option, spousal discount, and gender the rates shown above are composites.
 - The ultimate lapse rate begins in duration 15.
- 5) Includes only lifetime pay policies (excludes single Pay, 5 Pay, 10 Pay, 15 Pay, 20 Pay, and paid-up at 65).
- 6) Key durations are policy durations 11+.

RE: Policy/Certificate No. [XXXXXXX]

Dear Policy/Certificate Holder:

Continental General Insurance Company[,the administrator for Great American Life Insurance Company's long term care insurance business,] makes every effort to provide quality long term care insurance coverage at reasonable and affordable premium rates. However, the total claims experience for this policy form is in excess of expected levels.

Accordingly, it has become necessary for the Company to increase those premium rates. This adjustment is not related to your personal claims experience, but rather the claims experience for all policies/certificates on this policy form. This adjustment is effective on your premium due date of [Rate Increase Effective Date].

Premium Adjustment						
Current [Modal] Premium	Current [Modal] Premium New [Modal] Premium Rate Increase Percenta					
[\$X,XXX.XX]	[\$X,XXX.XX]	[XX]%				

[In addition to the current rate increase, the Company will be implementing [a/an] [XX]% rate increase approximately one year after the current increase.][In addition to the current rate increase, the Company will be implementing two additional rate increases, each approximately one year apart, as follows. One year after the current rate increase, the Company will be implementing a [XX]% rate increase. The following year, the Company will be implementing a [XX]% rate increase.] Also, the Company anticipates the need to request [an] additional rate increase[s] in the future. This is the Company's current best estimate for future rate increase action on this policy form. However, this plan could change if future claims experience varies from current expectations.

We have enclosed some information for you in the form of Frequently Asked Questions. We recommend that you review this material, which we believe will address many of your questions and concerns about certain coverage considerations.

[The benefits available to you in your policy/certificate offer valuable insurance protection. Enclosed you will find benefit reduction options and information regarding a Contingent Nonforfeiture Benefit that is being offered to you at this time. If you are interested in discussing these options or have questions, please contact our Client Services Department toll-free at [866-830-0607].]

FREQUENTLY ASKED QUESTIONS

Additional Premium Increases

My premiums are being increased. Where is that allowed by my policy/certificate?

The Company has the right to adjust premiums in accordance with the terms of the policy/certificate. The face page of your policy/certificate discusses how this must be done. The premium increase has been filed with the Department of Insurance in the state where your policy/group master policy was issued.

You have told me that you are going to increase my premiums. Can I expect additional increases in the future?

As mentioned in the cover letter, the Company anticipates the need to pursue [an] additional rate increase[s] in the future. [In addition to the current rate increase, the Company will be implementing [a/an] [XX]% rate increase approximately one year after the current increase.][In addition to the current rate increase, the Company will be implementing two additional rate increases, each approximately one year apart, as follows. One year after the current rate increase, the Company will be implementing a [XX]% rate increase. The following year, the Company will be implementing a [XX]% rate increase.] This is the Company's current best estimate for future rate increase action on this policy form, but this plan could change if future claims experience varies from current expectations. As with this increase, any future increases would continue to be based on the overall experience of your class of insureds and filed with your state insurance department for approval, if required. You will be notified in advance of such increases as stated in your policy/certificate. We believe this information will enable you to anticipate the likelihood of future premium increases and to make an informed decision as to any benefit change options that could lower your premium now.

Benefit Reduction Options

I understand that my premiums are being increased. I am not sure I want to pay the increased premium. Do I have any options?

We may be able to provide you with alternative approaches to offset the increase by modifying the benefits in your policy/certificate. Our Client Services Department can give you detailed information about your policy/certificate. Some considerations might include removing optional riders that you may have purchased. However, you should always consider that if you reduce your coverage, you run the risk of increasing your out of pocket costs at the time of claim.

If I choose to reduce my premiums, how long do I have to pick an option?

Your premium will increase on the effective date stated in your notice letter, but you may change your coverage at any time. You may elect now, or any time in the future, to reduce benefits as outlined above. If you select any of the attached benefit reduction options, they will become effective on the rate increase effective date of [Rate Increase Effective Date], unless you specify otherwise.

Can the Company delay making my premium increase effective until I decide which option is best for me?

All policy/certificate holders within the same premium class must be treated similarly. We make sure that notices are mailed in advance of the increase to allow you time to make a decision. We cannot delay the premium increase on an individual policy/certificate basis.

Survivorship Considerations

If I have a Survivorship Benefit in my policy/certificate, how is this affected by the premium adjustment?

The survivorship benefit can be a very valuable feature. The benefit is not directly impacted by the premium adjustment. However, if you elect the Contingent Nonforfeiture Benefit as outlined below, your policy/certificate will be converted to a paid-up status, and the survivorship benefit will no longer be necessary.

NOTE: Please refer to your specific policy/certificate language for information relating to how your survivorship option may work and any qualifications that may apply.

Contingent Nonforfeiture Benefit

If I choose not to pay future premiums, what happens to my coverage?

If you do not pay your premium when it becomes due, your current coverage will lapse, i.e. terminate. However, in order to help you avoid losing the amount of the premiums you have paid up to this point for your coverage, the Company will provide you with a Contingent Nonforfeiture Benefit. [This benefit will allow your daily benefit amount and elimination period to remain the same, but the maximum benefits available will be reduced. The new maximum benefit will be determined as indicated on the enclosed Contingent Nonforfeiture Benefit Option page. Any inflation protection under your policy/certificate will stop at this time. This is not a cash value. It is benefit dollars available to you in the event that you become eligible for and receive covered services in the future. Once your Contingent Nonforfeiture Benefit has been exercised, you may not resume the payment of premiums or make any changes to your policy/certificate.

You can elect the Contingent Nonforfeiture Benefit by completing and returning the attached Contingent Nonforfeiture Benefit Option form now or within 120 days following the due date of the rate increase. This benefit is automatic if you stop paying your premiums now or within 120 days after the effective date of the rate increase.]

[Contingent Nonforfeiture Benefit Option 1:

This benefit will allow your daily benefit amount and elimination period to remain the same, but the maximum benefits available will be reduced. The new maximum benefit will be determined as indicated on the enclosed Contingent Nonforfeiture Benefit Option page. Any inflation protection under your policy/certificate will stop at this time.

Contingent Nonforfeiture Benefit Option 2:

This benefit will allow your elimination period and remaining lifetime benefit amount to remain the same, but the daily benefit amounts will be reduced. The new daily benefit amounts will be determined as indicated on the enclosed Contingent Nonforfeiture Benefit Option page. Any inflation protection under your policy/certificate will stop at this time.

The Contingent Nonforfeiture Benefit is not a cash value. It is benefit dollars available to you in the event that you become eligible for and receive covered services in the future. Once your Contingent Nonforfeiture Benefit has been exercised, you may not resume the payment of premiums or make any changes to your policy/certificate.

You can elect the Contingent Nonforfeiture Benefit by completing and returning the attached Contingent Nonforfeiture Benefit Option form now or within 120 days following the due date of the rate increase. The Contingent Nonforfeiture Benefit Option 2 is automatic if you stop paying your premiums now or within 120 days after the effective date of the rate increase.]

NOTE: The Contingent Nonforfeiture Benefit provides limited benefits and is not a cash value. We urge you to carefully consider whether or not such limited benefits are appropriate for you.

Other Questions

My premiums are taken directly from my bank account. Do I need a new Pre-Authorized Checking form?

No, your existing authorization will allow us to deduct the correct premium from your account.

I am currently receiving benefits under my policy/certificate. How does this impact me if my premiums are being waived?

The premium increase will not impact your current claim. Your policy/certificate will continue to provide you with benefits in accordance with the terms of the coverage you purchased. The policy/certificate benefit that waives premium will continue to work the same way. If your premiums are currently being waived, the new premium will also be waived until such time as you are no longer eligible for waiver of premium, as stated in your policy/certificate. You will begin to pay the adjusted premium when you return to a premium paying status.

I have read the enclosed documents and I still have questions. How do I get these questions answered?

If you would like assistance or have additional questions, please contact our Client Services Department toll-free at [866-830-0607].

[BENEFIT REDUCTION OPTIONS TO REDUCE YOUR PREMIUM

If you wish to modify your coverage as outlined in the options listed on the reverse side of this page, please declare the requested option in the space provided, sign and date in the space provided, and return this letter to Continental General Insurance Company[,the administrator for Great American Life Insurance Company's long term care insurance business,] in the enclosed postage paid return envelope. If you are interested in discussing your options for coverage changes in more detail, please call our Client Services Department toll-free at [866-830-0607].

Please note that this is only a QUOTE, NOT A GUARANTEE of any rate quoted, or a revision to your current policy/certificate. Premium calculations are based on the information provided and policy/certificate coverage as of [Today's Date]. Actual premium may differ slightly. As a result, please do not remit premium with any benefit reductions. Upon election, your policy/certificate will be endorsed to reflect the actual premium.

[Please be aware that modifying your coverage may impact other benefits provided by your policy/certificate. Please refer to your policy/certificate for information regarding your coverage. If you have additional questions, please contact our Client Services Department.]

Changes to your coverage may not be in your best interest if you are on claim or eligible to be on claim.

Changes to your coverage may not be in your best interest if you have a Premium Payment Amendatory Rider attached to your policy/certificate. Once your policy is paid-up based on the Premium Payment Amendatory Rider, your policy/certificate will automatically be renewed for the rest of your lifetime with no further premium payments required.

[If you have the Shared Extended Expense Rider and your Covered Spouse's policy/certificate is still in force, any changes you make to your coverage with regards to the Maximum Lifetime Benefit and the Long Term Care Daily Benefit **must** also be made to your Covered Spouse's policy/certificate. **Both** spouses must return this form for their individual policy/certificate in order for these changes to go into effect.]

Should you decide not to keep your policy/certificate in force at the increased premium level, or at a reduced benefit level, the Company is offering a Contingent Nonforfeiture Benefit at this time. This benefit is described in the enclosed Contingent Nonforfeiture Benefit Option page.

Effective on your premium due date of [Rate Increase Effective Date], the [Modal] premium for your long term care insurance will be increased to [\$X,XXX.XX]. Please select the requested benefit reduction option, which will become effective on the rate increase effective date. CONTINGENT NONFORFEITURE BENEFIT OPTION

Regardless of any Contingent Nonforfeiture riders attached to your policy/certificate, the Company will provide you with a Contingent Nonforfeiture Benefit if you choose to lapse your policy/certificate now or within 120 days after the effective date of the rate increase. You may elect to exercise this benefit by returning this completed form. However, if we do not hear from you and your policy/certificate lapses within this time period, the Contingent Nonforfeiture Benefit [Option 2] will automatically take effect.

This rate increase will be effective on your premium due date of [Rate Increase Effective Date]. This offer expires [Rate Increase Effective Date + 120 Days].

[The Contingent Nonforfeiture Benefit will convert your policy/certificate to a paid-up status which will shorten the benefit period provided by your policy/certificate but will maintain your maximum daily benefit and elimination period at the time of conversion. If you have inflation protection under your policy/certificate, no further increases will occur. Your maximum benefit amount will be equal to the greater of the sum of all premiums paid for the policy/certificate and any attached riders or thirty (30) times the maximum daily long term care benefit at the time of conversion. The maximum benefit amount provided by this Contingent Nonforfeiture Benefit shall not exceed the remaining unused Maximum Lifetime Benefit of your current policy/certificate at the time of conversion. This is not a cash value option.

NOTE: This Contingent Nonforfeiture Benefit will automatically be provided to you if you lapse your policy/certificate now or within 120 days after the effective date of this rate increase.]

[☐ CONTINGENT NONFORFEITURE OPTION 1

This Contingent Nonforfeiture Benefit will convert your policy/certificate to a paid-up status which will shorten the benefit period provided by your policy/certificate but will maintain your maximum daily benefit and elimination period at the time of conversion. If you have inflation protection under your policy/certificate, no further increases will occur. Your maximum benefit amount will be equal to the greater of the sum of all premiums paid for the policy/certificate and any attached riders or thirty (30) times the maximum daily long term care benefit at the time of conversion. The maximum benefit amount provided by this Contingent Nonforfeiture Benefit shall not exceed the remaining unused Maximum Lifetime benefit of your current policy/certificate at the time of conversion. This is not a cash value option.

CONTINGENT NONFORFEITURE OPTION 2

This Contingent Nonforfeiture Benefit will convert your policy/certificate to a paid-up status which will lower your daily benefits but will maintain your elimination period and remaining lifetime benefit amount at the time of conversion. If you have inflation protection under your policy/certificate, no further increases will occur. Your daily benefit amounts will be equal to 90% of your current daily benefits times the ratio of the number of completed months of paid premiums divided by the number of month in the premium paying period for your policy/certificate. This is not a cash value option.

NOTE: The Contingent Nonforfeiture Benefit Option 2 will automatically be provided to you if you lapse your policy/certificate now or within 120 days after the effective date of this rate increase.]

By signing below, I am electing the Contingent Nonforfeiture Benefit and am authorizing [Great American Life Insurance Company/Continental General Insurance Company] to convert my policy/certificate to a paid-up status with no further premiums due.

DO NOT complete and return this form if you are electing a Benefit Reduction Option or are maintaining your current policy/certificate and benefits by paying the new premium.

Managing and Monitoring Long Term Care Risks

Risk Management processes and staffing are focused on four specific stages of the managing the claims process: Intake/New Claim Setup, Adjudication, Ongoing Management/Payment, and Claim Resolution.

Intake/New Claim Setup: By keeping the eligibility requirements-gathering process agile, significant delays are avoided that could otherwise compromise our ability to make sound claim decisions and prevent us from complying with our regulatory requirements. We maintain a team dedicated to following up on claim notices received via telephone or electronically. This unit can accurately assess the developing circumstances that surround an early claim and guide the claimant and family through a timely and effective adjudication process while setting appropriate expectations by reviewing each insured's policy benefit information and coverage. Our proactive front-end process helps avoid "buying" claims that would otherwise happen if we just mailed a claim form.

<u>Adjudication</u>: As eligibility requirements are received, our extensive front-end Intake process proceeds to Adjudication. New claims are presented by the Claims Examiner to either a senior second-tier review specialist or to our Claim Committee, along with recommendations for approval, denial or further handling and disposition. The committee meets on a regular basis and consists of senior level staff with many years of experience, as well as management personnel who can discuss the claim and confirm the claim determination or offer any special guidance for handling.

It is vital that we thoroughly understand the medical circumstances that drive eligibility for each claim and that will set the stage for its development and outcome.

<u>Ongoing Management/Payment</u>: One of the most important risk controls for LTC claims is the active monitoring and payment of an approved, ongoing claim. Claimants that have a potential for recovery are closely monitored to ensure that the eligibility criteria continues to be met.

The protocol for reviewing ongoing claims is set by each individual claimant's medical status and recovery potential. In addition to our internal RN staff, also available to us are the services of an expert LTC Medical Director who can consult on the most difficult cases and who may also be called upon to clarify information given to us by the insured's own attending physician.

Ongoing claims are examined carefully for changes in billing patterns, changes in levels of care and breaks of confinement for possible hospital stays or other leaves. Confinement verification protocol ensures that claim payments are properly adjusted to reflect these leaves.

<u>Claim Resolution</u>: Controlling the trajectory of short duration claims can have a positive outcome for early claim closure and restoration of premium payment. This is often a "win-win" situation for both the company and the client.

Also, accurate and timely resolution of a client's death and accurately paying a claim to its coverage maximums prevents overpayment, recovery costs and disruption to a grieving family.

Also critical to managing risk exposure and monitoring morbidity are fraud detection controls, ongoing claims audits, and periodic updates to our expected claim costs.

<u>Fraud</u>: Our LTC processes include several fraud detection and mitigation controls and practices. Staff members are trained annually on several aspects of fraud including "red flags" of LTC fraud detection and will refer suspect claim activity to management for review and further action if warranted. If necessary, independent medical exams or other investigatory methods may be used to resolve outstanding concerns. All suspect claim activity is reported to the appropriate state governing agencies as required. Lastly, our Strategic Investigative Unit (SIU) is comprised of a multidisciplinary group of senior leaders who serve as a sounding board and steering committee for both specific and general fraud matters.

<u>Claims Audits:</u> In addition to an ongoing robust internal claims audit program, we also engage external 3rd party audit reviews, assuring that our claims processes and practices are sound and generally in line with industry practices and regulatory controls. The most recent external review occurred in 2018 and covered a sample of claims with losses occurring between 2012 and 2018.

Internal audits represent a constant feedback loop. Results are reviewed monthly with senior management staff for discussion, process improvement and training purposes.

Rate Revision Filing on Individual Long-Term Care Insurance

Policy Form: 1LTCIP0001, 1LTCIP0002 SERFF Tracking Number: GLTC-132995871

Dear Mr. Carmody:

Thank you for your correspondence via SERFF on 12/22/2021 regarding the rate revision filing for the above referenced policy form. The information requested in support of this rate filing is below.

1. Please provide the percent of active policyholders remaining on this block on a nationwide basis. How many policies were issued nationwide? How many policies remain in force nationwide?

There were 5,123 policyholders issued nationwide on this block. As of 9/30/2020, there are 3,041 policyholders remaining inforce (2,524 of these are premium-paying, as listed in Appendix A), 2,880 are active (94.7%) and 161 are disabled (5.3%).

2. Is CGI asking for different increases in different states?

As shown in Exhibit 7, the Company has the following pending rate increase requests:

- a. 159% in Idaho
- b. 401% in Indiana
- c. 117.8% in North Carolina
- d. 211.3% in Oregon
- e. 132% in Pennsylvania (this filing)

The Company is actively pursuing all actuarially justified rate increases in all states. If a state has not approved the entire justified rate increase need for the above referenced policy forms, the Company is continuing to pursue the needed rate increase for that state. As such, the proposed rate increase for Pennsylvania policyholders is actuarially justified, regardless of the prior rate increases other states have approved.

As such, all pending and future rate increase filings on the above referenced policy forms are based on Nationwide experience, any approved rate increases to-date for the state, and the assumed implementation timing and structure (i.e. single rate increase vs. series of increases) for the requested rate increase.

3. How many policies in force in PA were issued after 9/15/02?

Of the 112 inforce PA policyholders remaining on this block as of 9/30/2020, 36 were issued after 9/15/02.

4. How many policies in force in PA were issued prior to 9/16/02?

Of the 112 inforce PA policyholders remaining on this block as of 9/30/2020, 76 were issued prior to 9/16/02.

Thank you for reviewing the information provided herein. If you have any additional questions, please feel free to contact the Company.

Sincerely,

Dear Mr. Carmody:

Thank you for your correspondence via SERFF on 12/22/2021 regarding the rate revision filing for the above referenced policy form. The information requested in support of this rate filing is below.

1. The Department cannot approve this filing as submitted but we can offer a 20% increase on the above captioned forms.

If Continental General would like to accept our offer, then please respond with an acceptance letter.

While the Company firmly believes that a 132.0% rate increase on the Base Policy Forms and Riders for forms 1LTCIP0001 and 1LTCIP0002 is needed and actuarially justified, the Company will accept the Department's counteroffer of a 20% increase.

Because the Department's counteroffer is below the requested amount, the Company intends to file for future rate increases. Acceptance of this counteroffer does not imply acceptance of the resulting lifetime loss ratio (i.e. the resulting lifetime loss ratio is not the new baseline for future rate increase requests).

Given the approval is less than the full amount requested, the Company does not believe it is required to submit 3 years of follow-up filings for policies issued under rate stability regulations. The Company believes these follow-up filings are only applicable when a certification is provided that the approved rate increase is sufficient even under moderately adverse experience.

Please see the uploaded rate sheets, **1LTCI** Rate Sheets **2021** - **PA** – **counteroffer.pdf**, and amended Rate/Rule Schedule in SERFF.

Thank you for reviewing the information provided herein. If you have any additional questions, please feel free to contact the Company.

Sincerely,

Madison P. Nahrup, ASA, MAAA Associate Actuary Continental General Insurance Company
